

LIVE TO BE 139!

SEPTEMBER 28 – 29, 2018 in SANTA FE, NM

HOSTED BY DR. ROBYN BENSON

AT SANTA FE SOUL

CLASS OUTLINE

HRS is Turning Degeneration into Regeneration!

Join us for our first ever 1.5-day **Doctor-Driven seminar** with Interactive workshop. **Learn how you can LIVE TO BE 139!** Dr. Harper brings you a new perspective on “stem cells” and how they actually work in the body and how you can help your patients achieve the health and vitality to Live to Be 139! You don’t want to miss this class with Dr. Dennis Harper. This is a Doctor-Driven, very advanced, class being introduced for practitioners who are *ready to start changing lives!* All attendees will provide us with input as to what they need and then they will lead the direction of the class. There will be a pre-screening questionnaire and pre-class videos to watch. Attendees will also be asked to place a minimum order of Biologic Allograft to be shipped directly to your office, so you are ready to start using them on Monday! For more info, go to www.liveto139.com and then contact us to register.

FRIDAY – SEPT. 28: 9AM - 5PM

- **9–9:30AM** - Meet & greet with round table discussion of each doctor’s predetermined needs
- **9:30AM–12PM** - Doctors lead class content
- **12–1PM** - Lunch Break (*lunch will be provided*)
- **1–5PM** – Doctor-driven class continues

6PM: You are invited to meet Dr. Harper after class for a **no-host** dinner at a local restaurant

SATURDAY – SEPT. 29: 9AM – 3PM

- **9AM -12PM** - Doctor-driven class continues
- **12-12:30PM** - Snack Break
- **12:30-3PM – Interactive Workshop: “Live to Be 139!”**

3PM: Class Dismissed

COST: *\$950.00 *with pre-order of Biologic Allograft (see below)*
\$1,450.00 without pre-order

****Preorder Biologic Allograft (minimum 5 x 2cc) to be shipped to your clinic so they are on-hand and ready to go when you return Monday. When you preorder, you will pay the reduced registration fee for this class.***

For a personal treatment in class, you have the opportunity to purchase Biologic Allograft in single 2cc vials (StemVive) at our cost of \$1570 each.
